

Husen Habib

Mechanical Engineer | Production & Manufacturing Engineering | Technical Operations Background

İstanbul - 05445580464 – Alhusseenramy21@gmail.com – [LinkedIn](#)

Career Summary

Mechanical Engineering graduate from Trakya University with production engineering internship experience in metal manufacturing and three years of professional experience in technical operations and systems support. Experienced in operational environments requiring analytical thinking, problem-solving, and operational coordination. Seeking opportunities in Production Engineering, Manufacturing Engineering, and Industrial Operations while contributing to efficiency, continuous improvement, and manufacturing excellence.

TECHNICAL SKILLS

- SolidWorks (Basic, Currently Learning)
- AutoCAD (Basic, Currently Learning)
- Manufacturing Fundamentals
- Production Operations
- Problem Solving
- Technical Troubleshooting

INTERNSHIP EXPERIENCE

Production Engineering Intern

Berk Makine | İstanbul, Türkiye

Aug 2023 – Sep 2023

- Worked directly alongside a Production Engineer within a metal manufacturing environment, gaining practical exposure to daily production operations.
- Assisted in monitoring production activities, manufacturing workflows, and shop-floor operations.
- Gained understanding of production planning, process control, and operational efficiency practices.
- Observed industrial machinery, manufacturing systems, and production performance monitoring.
- Developed practical knowledge of manufacturing processes, factory operations, and continuous improvement concepts.

WORK EXPERIENCE

IT Specialist — Hüda Okulları, İstanbul (Sep 2023 — Present)

- Managed daily technical operations and IT infrastructure.
- Administered Google Workspace services and user accounts.
- Supported network connectivity and system reliability.
- Installation and maintenance of camera and security systems.
- Coordinated technical solutions to maintain uninterrupted daily operations.
